

For 2015, the SWMSWC has again prioritized a series of one-day, scrap tire clean-up/drop-off events. This priority is based on the successful tire collections over the past 3 years, the obvious need for this program in these generally rural counties, and the positive response from the public.

PROJECT PLAN

Six of the seven member counties will participate in the 2015 Scrap Tire Recycling Collection program. Event dates, locations, and corresponding Fire Districts are listed in the chart below.

County	Event Dates 2015	Host Location	Attached Property Deed Reference #	Fire District
